PROFESSIONAL SUMMARY

Final year IT student at VSB Engineering College, Karur, enthusiastic about transforming innovative ideas into practical software solutions. Experience in collaborative projects, problem solving, and optimizing systems for efficiency and scalability. Always eager to explore emerging technologies and apply them to real-world challenges.

INTERNSHIP

Kanavu Startup Company June-July 2024

Worked as a Frontend Intern at Kanavu Startup Village, developing responsive web pages using HTML and CSS. Gained hands-on experience in UI design and improving user experience.

Infosys Springboard Virtual Internship 6.0(Java Stack) Nov-Jan 2026

Completed Infosys Springboard Internship on developing a web platform for medical appointment scheduling and record management. Applied Java and web development concepts to build practical solutions.

PROJECTS

MedVault: Appointment Booking and Medical Records Management System

Created a web-based EHR system using React, Spring Boot, and MySQL for managing medical records and scheduling appointments securely.

Smart Queue Prediction and Management System

Developed a web application using React, Spring Boot, and MySQL to predict bank waiting times using real-time and historical data.

EDUCATION

2023 - 2027	Bachelor's Degree at VSB Engineering College(Currently 4th Year)	CGPA: 8.37
2023	Class 12th at SSV Matriculation Higher Secondary School, Sivagiri	70%
2021	Class 10th at SSV Matriculation Higher Secondary School, Sivagiri	100%

CERTIFICATIONS

NPTEL Certification in Java Programming(Elite)
Java Foundation Certification - Infosys Springboard
Infosys Springboard Internship 6.0(Java) Certificate

SKILLS
